Description

Stacer 539 Crossfire as the name indicates, is a cross between the ever popular side consoles and bow riders. Built with 4mm bottoms sheets and 3mm sides, this tough boat will handle most weather conditions be it inshore or offshore.

The option of a bunk infill converts this boat from a seating area to a casting platform all with one panel. So whether it's a family outing for leisure activities, skiing or tubing, or that angling day, this boat is the best of two worlds.
